

NOAA Weather Service presents:

The Art and Science of Aviation Weather Forecasting for Pacific Northwest pilots

At this month's Second Saturday, we're delighted to welcome Will Ahue from the National Oceanic and Atmospheric Administration (NOAA), who will offer some Winter Weather Wisdom for flying in the Pacific Northwest.

We'll also take a closer look at storm fronts, as well as how the upper air sounding, or the skewT, (one of four thermodynamic diagrams commonly used in weather analysis and forecasting) can be used to find cloud layers and tops.

Learn how NOAA's forecasting professionals support our General Aviation Community.

Our 2016-17 educational season gets underway with this month's Second Saturday Seminar gets underway on Dec 10th at 1100 hours in the Education Hangar at Willamette Aviation. The event is certified for FAA Wings credit and there is no charge.

If you'd like a box-lunch (\$10), please call us (503-678-2252) before 1 p.m. on Friday, Dec 9th. We'll see you there!

Directions: DRIVE IN - Two miles south of Wilsonville, just off I-5. 1/4 mile south of Arndt Rd.

FLY IN - Taxi to the very north end of the Aurora airport. Park on the ramp between the fuel island and the FBO building.
AVOID OVERFLYING POPULATED AREAS.
